

The figure consists of two large rectangular grids, one on the left and one on the right, separated by a small gap. Both grids are defined by thick black outlines and contain numerous smaller rectangles of various sizes and positions.

Left Grid:

- Contains approximately 15-20 small rectangles of varying sizes.
- A prominent feature is a large rectangle at the bottom center with a black border.
- Several rectangles are partially or fully shaded in gray or green.

Right Grid:

- Contains approximately 15-20 small rectangles of varying sizes.
- A prominent feature is a large rectangle at the bottom center with a black border.
- Several rectangles are partially or fully shaded in gray or green.
